ABOUT THE CONFERENCE

With a mission to promote international exchange, encourage interdisciplinary discussion “International Conference on Women in Multifaceted Research” welcome all to generate and share new knowledge and facilitate intercultural awareness principally through educational interaction and academic research.

ICMWR greets all Researchers, Academicians, Scientists, Professionals and Students from various disciplines in expressing their thoughts and research in a multi-disciplinary Program.

The objective of this conference is to materialize Industry and Research relations, perceiving global partners for future collaborations and exchange of new ideas and application experiences. By creating opportunities for conversation between academics and thought leaders, ICWMR provides the research directions and visionary development solutions that are necessary in our rapidly emerging globalized world.
